Dear Mr. Bouman:

I'm very sorry you weren't able to join us at the Trust Summit to receive this certificate in person, but I wanted to take a moment to directly acknowledge my appreciation and congratulations to you.

The standards to which we hold all businesses in our community are high. Our Accredited Businesses make that commitment publicly and voluntarily. To maintain that commitment over decades – as your business has – is something to be celebrated. Thank you for making this long-term commitment, and for being a leader in our community of ethical businesses.

I hope you will display the enclosed certificate with pride, as a marker of the trust that your customers can have in you and your business.

Regards,

Peter Moorhouse
President & CEO
